*Updated March 26, 2025

These Terms and Conditions (“**Terms**”) govern any provision of Post and Simulation Kit services (“**Services**”) by Paydarfar Industries, Inc. dba Saratech and its divisions, subsidiaries, and affiliates (“**Saratech**”), to the party to whom the applicable Executed Proposal, Technical Proposal, Cost Proposal, and/or quote (collectively, “**Proposals**”) are addressed (“**Customer**”). These Terms take precedence over Customer’s subsequent, supplemental, and/or conflicting terms and conditions to which notice of objection is hereby given, regardless of whether Customer has submitted its request for proposal, order, or such terms. Neither Saratech’s commencement of performance nor delivery shall be deemed or constituted as acceptance of Customer’s subsequent, supplemental, or conflicting terms and conditions. These Terms and any Proposals constitute the entire agreement (“**Agreement**”) between Parties, and supersede all prior or contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral. In the event of any conflict between these Terms and Proposals, Proposals shall govern. Customer’s execution of Proposals, issuance of a purchase order, tender of payment to Saratech, or acceptance of Services and/or Products from Saratech, whichever comes first, shall be deemed to constitute acceptance of the terms and conditions of the Agreement.

1. RELATIONSHIP OF THE PARTIES.

- 1.1. Independent Contractors. Saratech and Customer (herein collectively, “**Parties**” or individually a “**Party**”) agree and intend that the relationship between them created by this Agreement and any Proposals provided hereunder is that of independent contractors. These Terms shall not create a relationship of employer and employee. Similarly, employees of one Party shall not be deemed to be employees of the other Party. Each Party shall be solely responsible for compensating its employees and contractors and withholding any amounts required to be withheld from their compensation by law.
- 1.2. No Agency. Neither Party: (a) is the agent of the other, (b) has the authority to bind the other, or (c) shall hold itself out to any third party as having any such authority. Neither Party is responsible to any customer for the quality of services, or the performance of products furnished by the other Party. Each Party is solely responsible for setting the prices for its own Services.

2. SERVICES.

- 2.1. Scope of Work. Saratech shall perform for Customer the Services specified in any and all respective Proposals (“**Scope Definition**”).
- 2.2. Changes to the Proposals. Any changes to the Scope Definition may result in an impact on cost and or schedule, resulting in a Change Order detailing such changes. Any scope changes shall be negotiated in good faith and brought to a resolution within three (3) business days from the notification of a Change Order request from either party. Any delays caused by Customer’s failure to deliver any Customer Requirements, or any other necessary documents, information, data, etc. shall be cause of a Change Order, under this section. Each Change Order must be mutually agreed upon and executed in writing before any work towards the change in scope can be performed.

3. PAYMENT TERMS.
